“BALLISTICS LAB”

Instructors:
Alan Janssen, D.O. & Ryan Kirby, M.D.

Must Pre-Register – www.scs.msu.edu
(Limited to 30)

9:30 – 10:00am Registration

10:00 – 3:00pm Lecture & Lab:
Formal lectures will cover:
- Ballistic Basics
- Injury Patterns
- Legal Consideration Less than Lethal Control Measures
- Current T.A.S.E.R treatment guidelines for emergency physician
  1. Hands-on, one-on-one instructions in the safe handling, loading, unloading, and sighting of firearms.
  2. Hands on experience firing the various firearm types with strict one-on-one supervision by law enforcement officials.
  3. Live fire demonstration of the various types of firearms paralleling the didactic discussion on high and low velocity weapon systems.
  4. Climate control indoor range.

Do not bring personal weapons to this workshop.
- Protective Ear and Eye Wear are provided for all participants.
- Dress comfortably, but please wear long sleeve shirts, long pants, and closed toe shoes.
- Please note that attire is considered a safety issue. Anyone not wearing appropriate attire or acting in an unsafe manner will be asked to not participate in the range portion of this lab.
- Bathroom and washing facilities are available

The course will take place at a public indoor shooting range. The range is home for monthly classes to certify individuals in the training of firearms safety and is covered by liability insurance for its operation. Strict safety measures will be enacted as prescribed by the range to ensure the safety and overall enjoyment of the participants.
