SCS OMT/OPP Senior Board Prep Webinar
January 3, 2018

Course Chairperson: Sarah Denham, DO and Saroj Misra, DO, FACOFP
Presenters: Rachel Nixon, DO

GOALS:
The goal of this seminar is to introduce residents to the OMM practical process on exam day, and familiarize them with basic concepts and techniques essential to successfully answering questions during both the AOBFP written and practical exam. Resident participants will be able to refresh knowledge of essential manipulative skills for common case presentations and practice the taking of the AOBFP Practical exam via simulation.

OBJECTIVES:
By the end of this session, the learner will be able to:
1. Identify correct osteopathic and/or medical diagnosis given a specific case scenario
2. Explain hand location and landmarks (anatomy) of techniques demonstrated while treating the patient.
3. Select and demonstrate appropriate techniques, given a specific case scenario
4. Discuss the technique being used including: type of technique, classification of technique, activating force and direction of force

ACGME COMPETENCIES ADDRESSED:
OPP 1,2/ PC 1,2,5/MK 1,2
