Family Medicine
Educational Conference

January 9, 2013

Elluminate Webinar

AGENDA

Paul Benson, DO
Be Well Medical Center, PC
Berkley, MI

7:30 - 8:00 a.m.  Sign-In to Elluminate

8:00 - 9:00 a.m.  Care of the HIV Patient

Objectives: -- At the end of this conference, the participants will be able to:

1. Define cultural competency for patient care and give some examples of how to provide it;
2. Understand the changing role of the primary care provider in HIV care;
3. Identify five or more co-morbidities associated with HIV; and,
4. Become familiar with “Treatment as Prevention” defined by the HPTN052 and IPREX studies.
