DMC Detroit Receiving Hospital and the Detroit Medical Center

Detroit Receiving Hospital is one of nine hospitals operated by the Detroit Medical Center (DMC). The 268-bed adult specialty hospital offers expertise in complex trauma, critical care, neuroscience and geriatrics. Detroit Receiving is Michigan’s first Level I Trauma Center, offering the state’s largest burn center, with a 24/7 hyperbaric oxygen therapy program. Its emergency department cares for more than 90,000 patients annually. In its affiliations with DMC and Wayne State University School of Medicine (WSU SOM), more than 95% of Detroit Receiving physicians serve on the faculty of the WSU SOM. As a teaching institution with a comprehensive medical residency program, almost 60% of emergency physicians practicing in Michigan received some of their training at Detroit Receiving Hospital.

About Wayne State University School of Medicine

Founded in 1868, the Wayne State University School of Medicine is the largest single-campus medical school in the nation with more than 1,000 medical students. In addition to undergraduate medical education, the school offers master’s degree, PhD, and MD-PhD programs in 14 areas of basic science to about 400 students annually. The school’s ties to the community are strong. As the only medical school in Detroit, WSU has a stated mission to improve the overall health of the community. As part of this mission, the School has established, with the help of a $6 million NIH grant, the Center for Urban & African-American Health to seek new ways to redress health disparities by identifying preventive strategies and therapeutic approaches to chronic diseases that plague this population, namely obesity, cardiovascular disease and cancer. Perhaps the most significant contribution the School provides to the community is care to area residents who are under- or uninsured. Along with the Detroit Medical Center, WSU faculty physicians provide an average of $150 million in uncompensated care annually.

DETROIT SYMPOSIUM
Thursday, November 5, 2015

10:30 – 11:00 AM  Resuscitation 2016
Martin Schreiber, MD (shown at right)

11:00 – 11:30 AM  Firearm Related Injuries:
The impact in an Urban Trauma Center
David Livingston, MD

11:30 – 12:00 PM  Penetrating Chest Trauma:
Treatment Guidelines
Riyad Karmy-Jones, MD (shown at right)

12:00 – 12:15 PM  Question / Answer / Discussion
Panel: Drs. Schreiber / Livingston / Karmy-Jones

12:00 – 1:00 PM  Lunch

Session II
Moderator: Robert Welch, MD
3.75 AMA PRA Category I Credit(s)* available

1:00 – 1:30 PM  Abdominal Vascular Injuries
David V. Feliciano, MD (shown at right)

1:30 – 2:00 PM  Management of Liver Injuries
Rosemary Kozar, MD (shown at right)

2:00 – 2:30 PM  Angio Embolization for Organ Injury:
The Good, the Bad and the Ugly
Andrew B. Peitzman, MD (shown at right)

2:30 – 2:45 PM  Break

2:45 – 3:15 PM  Guidelines in the Management of
Peripheral Vascular Injuries
David V. Feliciano, MD

3:15 – 3:45 PM  Nutritional Support in the Injured Patient
Rosemary Kozar, MD

3:45 – 4:00 PM  Question / Answer / Discussion
Panel: Drs. Feliciano / Kozar / Peitzman

4:00 – 5:00 PM  Complex Trauma Cases
Moderator: Anna M. Ledgerwood, MD
Panel: Drs. Feliciano / Peitzman / Schreiber
Kozar / Karmy-Jones / Livingston
Friday, November 6, 2015

6:15 – 8:00 AM  Second Day Sign-In / Continental Breakfast

6:45 – 7:45 AM  PHYSICIAN Sunrise Session C
Thromboelectrography: Interpretation and How to Use the Data
Meera Chitlur, MD

6:45 – 7:45 AM  PHYSICIAN Sunrise Session D
Monitoring of the Head Injured Patient: Who, What and When
Mohammed Ibrahim, MD

6:45 – 7:45 AM  PHYSICIAN / Multi-Specialty Sunrise Session E
Adjuncts for Emergency Airway Management
Erik Olsen, MD (shown at right)
