Course Overview

Assessment is essential to all of education, and graduate medical education is no exception. With the introduction of competency- and outcomes-based education, and with the ACGME’s current accreditation model that includes the Milestones, the urgency for high quality GME programs to meet the needs of learners and the public has grown substantially. This 3 day course is held at the Amway Grand (a Hilton property) in Grand Rapids, MI with attendance limited to 30 participants. Sessions begin Wednesday 4/29 at 10 AM and continue through Friday 5/1 at 4 PM. Target audience includes all UME and GME faculty, including, residency and fellowship program directors, associate program directors, chairs and members of Clinical Competency Committees (CCCs), and any faculty members with major responsibility for the assessment of residents/fellows.

Highlights of this highly experiential, hands-on course curriculum include:

- Goals and principles of Competency Based Medical Education (CBME)
- Practical application of multiple assessment methods and tools
- How to create effective assessment systems
- How to use the Milestones and Entrustable Professional Activities effectively

Detailed agenda found on pages 2-3.

Registration Information

Register online at https://scs.msu.edu/facdev/acgme_workshop/

Members of MSUCOM Faculty and SCS Members:

Early Bird Registration is $300/participant if registered by February 2, 2020
Standard Registration is $450/participant if registered after February 2, 2020
* Lodging and travel expenses are the responsibility of the attendee

Non-Members of MSUCOM SCS:

Early Bird Registration is $750/participant if registered by February 2, 2020
Standard Registration is $900/participant if registered after February 2, 2020
* Lodging and travel expenses are the responsibility of the attendee
