2015 SCS Research Poster Day

The MSUCOM Statewide Campus System is sponsoring the second annual SCS Research Poster Day, to be held in conjunction with the SCS Membership Meeting on Wednesday, May 20, in East Fee Hall on the MSU campus. Submissions will be accepted from medical students, residents, fellows and faculty. This will be a juried competition, with a $300 prize for the best poster and $200 for the runner-up in each of three categories: student; resident/fellow; faculty (must be a minimum of four entries in a category for prizes to be awarded). To be eligible, posters must present new research and scholarly work in an area of medicine or healthcare that contributes to knowledge in these fields. (Case studies are not acceptable as research; a case series may be accepted, provided it consists of a minimum of five cases.)

Abstracts must be submitted by 5 p.m. on Friday, May 1, by email to Dr. Eric Zemper at zemp@hc.msu.edu. Abstracts must be in MS Word or PDF format, with a maximum of 350 words. Use a short, specific Title descriptive of the nature of the investigation, followed by the author(s) name(s). Provide a brief Introduction followed by the Purpose of the study, the specific Research Question/Hypothesis being addressed, description of the Methods/Research Design. Finally, state the Results in sufficient detail to support the Conclusions. All abstracts will be reviewed for scientific merit by a panel of judges, and those selected to present posters on May 20 will be notified by May 8.

Details on the size, content and method of display of the posters can be found on the SCS website (http://scs.msu.edu/). Questions may be directed to Dr. Zemper at the above email address.
